Attention
Dairy, Swine & Poultry Producers!
New Products Now Available...
 With the addition of our new soybean processing facility, we now offer
 these products to meet your nutritional needs. Manufacturing these
 products ourselves allows us to utilize locally grown soybeans and
 support our local agricultural community!

GOLDEN PRO 46 XP
 This natural, mechanically
 extruded and expelled soybean
 product is experiencing great
 acceptance with local dairymen. A
 course golden colored meal with a
 6% fat content, Golden Pro 46 XP
 is extremely palatable. Golden
 Pro 46 XP is a natural way to
 bring the value of high by-pass
 protein into diets that require a
 lower fat level.

GOLDEN MEAL 40
 An 18 percent fat content along
 with a 40 percent crude protein
 makes this mechanically extruded
 meal product a valuable compo-
 nent in a variety of rations. Full
 fat content gives you a high level
 of digestible energy, while high
 temperature extruding ruptures
 the oil cells for better nutritional
 absorbtions.

CRUDE SOYBEAN OIL
 A product of Keystone's expelling process, this oil can be used in a wide
 variety of on farm applications. A natural alternative to animal fats, this
 oil provides needed energy in various rations.

To make these products available, and to help you utilize
 your home raised soybeans
 Keystone Mills announces its

Soybean Exchange Program
 As manufacturers and distributors of Golden Pro 46 XP and Golden Meal 40,
 we are anxious for you to try our products. We are offering a soybean exchange
 program featuring these quality nutritional products.
