Keeping Wildlife Safe

Here's your chance to visit wildlife from all over the world. Take a virtual walk through these sanctuaries, which are places where they work to keep wild animals safe.

A living museum. Meet the animals at the Western North Carolina Nature Center—from rattlesnakes to turkey vultures. Fact sheets give information on animals who live or have lived at the center, and you can take a virtual tour of the center.
<http://wncnaturecenter.org/>

Australian animals. Follow Etta the Koala through the Ettamogah Wildlife Sanctuary site. Find out how Etta lives and what other animals live at the sanctuary. You can print and color pictures of the animals that live there, make a jumping kangaroo or write to Etta.
<http://ausinternet.com/ettamogah/>

Elephant sanctuary. Riddle's Elephant and Wildlife Sanctuary is located in the Ozark Mountain foothills of Arkansas. Meet Toby, Booper, Tonga and the rest of the elephants who live there. You can even find out how to tell an African elephant from an Asian elephant.
<http://www.hendrix.edu/elephant/>

Wolf center. Are wolves dangerous to humans? Find out here and pick up all kinds of information on wolves at this site from the International Wolf Center in Minnesota. There is also a virtual tour of the center.
<http://www.wolf.org/>

Raptor center. The Carolina Raptor Center is home to birds of prey, like hawks and eagles, which are known as raptors. This site explains what a bird of prey is, has information on the different raptors and more. Visit the Bird Brains section of the site to see how much you know about birds of prey. The site also includes steps on what you should do if you find an injured bird.
<http://www.birdsofprey.org/>

Prairie wildlife. Buffalo, elk and other animals are part of the Neal Smith National Wildlife Refuge. See photos of the animals, including baby buffalo, and learn more about them. Be sure to check out the Kids Stuff section for some fun.
<http://www.tallgrass.org>

Wildlife in the city. The Prospect Park Wildlife Center is a place where you can go to get close to animals. From red pandas to baboons, the site is a good place to learn more about the animals at this center.
<http://www.prospectparkzoo.com/>

Florida park. From alligators to manatees to snakes, this site introduces you to the animals who live at the Homosassa Springs Wildlife Park. You also can find out more about the park and its special events.
<http://www.citrusdirectory.com/hsswp/main.html/>

Animal refuge. In the plains of Kansas, the Rolling Hills Refuge is home to rare and endangered animals. The site includes information on the history of Rolling Hills and the animals who live there. Animal information includes detailed facts and a quiz on each animal.
<http://www.rhrwildlife.com/>

California wildlife. The Lindsay Wildlife Museum is an animal hospital and education center. Learn about what to do if you find a hurt or orphaned animal.
<http://www.wildlife-museum.org/>

Protecting wolves. This site includes information on Wolf Haven and what the organization does. It has information on and photos of the Mexican gray wolf, one of the rarest animals in the world. Meet the wolves who live at Wolf Haven and find out about how wolves act around humans.

Please note. This list only applies to the sites listed. Not to any sites that may be linked. Web sites change constantly. At the time this article was written, these Web addresses worked. Some of the sites may call for software you do not have. You can still look at much of the information on the site, but you may need the software for movies. If you do need software, be sure to have your parent(s) read any software agreements before you download it.

FIND THE TWINS

WHICH TWO ARE EXACTLY ALIKE?

ANSWER: THREE AND FIVE

TIC TAC TOE
