ATTENTION DAIRYMEN

Lanco Dairy Farms Co-Op Inc. Needs More Milk To Create More Competition On Fluid Milk Supplies. Let Us Show You How You And Your Neighbors Can Put Together A Load of Milk And Start Your Own Co-Op Or Market Through LANCO's Milk Marketing Division.

Either Way You Will Have More Control Over Your Deductions and Handling Fees Coming Back To You As Extra Premiums.

There Seems To Be No Spring Flush Of Milk In The East Thus Far And Supplies Are Getting Scarce Fast.

Let's Try To Take This Situation And Help Increase Pay Prices At The Farm.

THE POWER'S IN THE TANK

... For New Construction Why Not Examine The "Chimtek Difference."

Chimtek Inner Liners are made of volcanic pumice and high-temperature refractory cements. Its round shape provides even temperature inside flue and contributes to efficient flow of smoke and flue gasses. The volcanic pumice in Chimtek liners adds considerable insulating value.

All three chimneyliner systems distributed by DS Machine Shop are of super design, super performance, and super value. With all their advantages these chimney systems often cost no more than ordinary chimneys. Write or call us for more specific liner information.
