Call Binkley & Hurst Bros. Your Source For Quality Grain Handling Equipment
 A premium quality galvanized auger designed for low maintenance operation.

Mayrath introduces the all new "InLine Drive" series of portable grain augers. Mayrath has combined operational efficiency with long term dependability providing you with a high quality, GALVANIZED auger at a very affordable price. The revolutionary "InLine Drive" system minimizes the number of moving parts greatly reducing costly downtime and maintenance in the future.

Mayrath InLine Drive

DIAMETER	CAPACITY	LENGTHS
8"	3200 BPH	32', 42', 52', 62', 72'
10"	4500 BPH	32', 42', 52', 62', 72'

The unique "InLine Drive" design features an internally mounted gearbox inside of an expanded, bell shaped tube housing. Auger flighting is positioned to allow a high volume of unrestricted grain flow around the internal gearbox. A new intake design utilizes double flighting and a cupped intake guard to offer a high capacity, complete cleanout operation. A specially engineered hopper bolts directly to top of the intake guard, further enhancing the augers capacity.

The InLine Drive
 Unique in design, high in efficiency

The gearbox is located in-line with the actual auger flighting. The outer tube is expanded to allow unobstructed and efficient flow of grain past the gear drive section. This design proves to be both economical and low maintenance in operation.

More Than Just A Gravity Box:

Gravity Box Innovative Design:

- Capacities range from 400 to 190 bushels to match individual needs
- Unloading is fast and complete with steep-sloped sides and graphite-coated interior
- A low center of gravity and balanced weight distribution provide stable towing
- Rounded box corners protect optional tarp against punctures or tears
- A front ladder is standard for easy viewing of box contents, a rear-mounted, five-rung ladder is optional

Gravity Box Quality Manufacturing:

- Rugged MIG continuous-bead welding and a one-piece door-side panel enhance sidewall strength and durability
- A full primer undercoat and durable high-quality equipment enamel top-coat help prevent corrosion
- The rack-and-pinion mechanism permits easy unloading-door opening even with a full load of high-moisture grain

Gravity Box Options:

A tarp kit, complete with bows and straps allows the gravity box to be used for temporary storage.

- 16- 14- and 12-foot unloading augers with a choice of steel or heavy-duty plastic outer tube and brush-tip steel or plastic flighting
- An amber and red flashing tail light package will enhance transport safety
- A five-rung ladder for viewing of box interior can be mounted to the rear of the wagon
