houses, log houses, out-
buildings. Will dismantle &
remove. 215/766-0564.

"I'm impressed with the heavy construction of the Roto Mix
mixer and the accuracy of the electronic scale."

- Joe Kauffman, Mill Manager, G&G Feed, Manheim, PA

G&G Feed, a commercial feed mill,
needed a way to mix rations better and
faster. Some mixes were taking up to 2
hours!

In 1999 the company bought a 420-12
Roto Mix mixer from Lapp's Barn
Equipment. Now those rations take only
minutes. And according to mill manager
Joe Kauffman, "a 1,000 lb. mix for
calves gets mixed as well as a full load
of 8,000 lbs. for a larger dairy."

G&G specializes in mixing custom
dairy rations for dairies with 115 cows
and more. They average 200 tons of
custom mixes per week. Any given mix
can consist of up to 15 different ingredi-
ents plus 100 lbs. of molasses per ton.

If you have any questions about how
well the Roto Mix mixer can mix feed,
call Joe at G&G Feed, Manheim, PA
(717) 665-6122. A good time to call Joe
is before 9:00 a.m.
