Not a Seed
of Doubt.

Through exhaustive testing and development on over 200 working farms in the Northeast and Mid-Atlantic, Agway's agronomic experts have removed the doubt from choosing seed corn hybrids. All Agway hybrids have been tested for success on farms just like yours, capitalizing on the latest genetic advancements and production practices.

For example: AG5496 features natural corn borer tolerance, fast dry-down, vigorous early growth and superior late season plant intactness. AG6399Bt contains the YieldGard® gene for locations where potential for European corn borer damage is high. It's an excellent choice for early planting, conservation tillage and easy harvesting.

So plant success, not doubt. Give us a call today for more information on how we can provide practical, proven seed solutions that help turn your toughest growing challenges into profitable results.

Practical Solutions.
Profitable Results.
