**Four Ways We
 Deliver More...**

- #1 More By-pass, More Milk - Toasted Beans offer consistently higher by-pass protein cows need to make more milk
- #2 More Production per Protein Unit - Toasting provides consistently superior protein release from every bean, without variations that can tie up amino acids
- #3 More Rumen-Friendly Source - Toasting is gentle. Digestibility is improved. Energy (oil) is retained inside the bean to minimize impact on rumen environment
- #4 More of the Taste Cows Love - Toasted is Tastier! Cows eat every bean
