Delmarva Broiler/Fryer
ATLANTA, GA.
November 15, 2000

Report Supplied By USDA

Movement of ready-to-cook whole birds was dull as activity centered around turkeys and other items more typically traded in advance of the upcoming thanksgiving holiday. Offerings were irregularly balanced, but more than sufficient for current inquiry. Live supplies were seasonally light to moderate; weights were mixed in a full range of light to heavy. Processing schedules were light as operations continued to be reduced in line with fewer needs. Less than trucklot asking prices were unchanged at 55 to 69 cents. Trade sentiment was about steady. Wings and gizzards cleared satisfactorily. Other cuts were fully adequate or ample.
