Waterbeds for Cows

ALANTA

The ALANTA Waterbed for cows is a revolutionary product, comfortable, safe and hygienic. It clearly improves your cows' well-being and therefore promotes higher milk production. It is the ultimate stall floor covering for the modern, animal-friendly dairy farm.

WELL MADE

The ALANTA Waterbed is made of two rubber layers with a water-filled compartment in between. GD-Enerka gives a 12-year guarantee.

COMFORTABLE

The waterbed molds itself to the cow's shape. It's cool in summer and pleasantly warm in winter.

SAFE

Thanks to the non-slip rubber upper surface, the cow is gripped firmly and cannot slip off. In this way the ALANTA waterbed keeps damage to hooves to a minimum.

Here's What Some of Your Neighbors Say About Alanta Waterbeds:

Dale Hindman, Brockway, PA
"We have seen a big savings in the amount of bedding we use and I believe the durability of the beds will be excellent over time."

Harlan Hoover, Oley, PA
"I am pleased with waterbeds. Cow comfort is excellent."

And...

Having Problems Getting Milk Cold?

Consider a Mueller pre-cooler. It's an excellent way to lower the cost of cooling milk. It reduces milk temperature with water pumped straight out of your well. Mueller® precoolers are available in sizes to work with any system. If lower electric bills would make your life easier, call us and ask for more information on Mueller precoolers.
