

Major New Farm Equipment Feature At Harrisburg Farm Show

(See story on front page.)

A new farm equipment display sponsored by the major manufacturers at the Pennsylvania Farm Show will feature presentations on each piece of equipment by FFA students. These presentations will include the history of the equipment evolved over the years and a ruing commentary on the present day use and technical data. This part of the show will be staged right in the middle of the main exhibition area as shown in the above template.
