BEEF TIPS
Why are Simmentals
so calm?

Simmental beef cattle are
known for their gentle dis-
position. What are the scien-
tific reasons that they are
known for being calmer than
other breeds?
Simmental cattle originate in
Switzerland, where they were the
"family cow" or "family oxen." It was the job of the family
cow to give milk, pull the cart and ultimately, provide meat.
Uncontrollable animals have been culled out of the breed for
hundreds of years by the European family farmers. Today,
we benefit from this history and it is another reason why many
commercial cattlemen want Simmental genetics in their herd.
