

Fix Up Your Field Office!

Updating your pickup with new accessories makes your driving experience more enjoyable...and that's also true when it comes to your tractor. Dress it up to till, rake or chop! Adding new upholstery and accessories to your "field office" can increase comfort. Reduce noise, raise resale value, and make long workdays seem shorter!

FREE TRACTOR INSPECTION!**

Your tractor is a critical piece of equipment. You need to know it's in good working order to do all the jobs you need. We offer a comprehensive inspection and testing of all of your tractor's major systems, including our Oil Scan™ and Cool Scan™ laboratory analysis of the engine, hydraulic and cooling systems. We will inspect your tractor for FREE!

Any needed repairs are discussed with you after the inspection is complete. If you act now, and these repairs are completed by January 31, 2001 you can take advantage of our 180 days no interest no payment plan. It's a great way to have it fixed now and save a buck or two!
