**Waterbeds for Cows**

**ALANTA**

Here's What Some of Your Neighbors Say About Alanta Waterbeds:

**David Bittler, Fleetwood, PA**  
"We are very pleased with the decision to go with the waterbeds. First calf heifers have adapted exceptionally well and are often lying down within two hours of being put in the stall."

**Ichthus Farm, Lititz, PA**  
"I'm pleased with how the waterbeds retain their comfort over time."

The ALANTA Waterbed for cows is a revolutionary product, comfortable, safe and hygienic. It clearly improves your cows' well-being and therefore promotes higher production. It is the only stall floor covering for the modern animal husbandry.

**WELL MADE**  
The ALANTA Waterbed is made of top quality materials with a water-filled compartment in between. GD-Enema provides 12-year guarantee.

**COMFORTABLE**  
The waterbed molds itself to the cow's shape. No cold in summer and no heat in winter.

**SAFE**  
Thanks to the non-slip rubber upper surface, the cow grips firmly and cannot slip off. In this way the ALANTA waterbed keeps damage to hooves to a minimum.
