Carlisle
(717) 249-2313 We U.P.S. Parts Daily

Attention:
Kinze/John Deere Planter & No-Till Drill Owners

Did you know that those old cast iron closing wheels can be reconditioned to "like-new" performance for a fraction of replacement cost?
Now is the time to get ready for tough planting conditions like sod and dry, hard soil. **We** can help your older planter or drill to close those seed trenches properly. (See illustration)

After all, if a field is worth planting, why not do it right?

Benefits include:
✓ Less closing pressure
✓ More uniform germination
✓ Improved stand population
✓ Increased yields
