

A True Cattleman's Workhorse. In Stock Now!

The New John Deere 7000 TEN Series Tractors

We know how important a good, reliable chore tractor is for day to day livestock operations. That's why we're building new 95-hp 7210, 105-hp 7410, and 115-hp 7510 Tractors equipped specifically for you. Each tractor is outfitted with a 740 self-leveling loader, ComfortGard® cab, tight-turning MFWD, 16-speed PowrQuad™ transmission with left-hand reverser, high-capacity hydraulic pump with 26 gpm flow, and more. Everything you need to make you a more productive operator.

But best of all, we're building a special reserve of these rugged mid-size workhorses so when you need to replace your older chore tractor, there's no more waiting in line. These

popular tractors are now in stock and available for immediate sale and distribution.

We know that there's always one tractor on the place that seems to do all the work: cleaning, loading, blading, grinding, mixing, cutting, baling, pulling, you-name-it, it does it. So we designed these rugged machines with the power, dependability, adaptability, and maneuverability to match those tasks and more. Plus, they're very competitively priced. You get upfront value now, with traditional John Deere high-resale value at trade-in time. A true cattleman's workhorse. Check them out. See your John Deere dealer and ask about these specially-equipped tractors built just for you.
