BEEF TIPS

Kansas tests steers

Simmentals continued their amazing run in the Kansas Commercial Cattle Improvement Program (CCIP). Results from the 2000 program placed Simmental steers among the first 3 and in 14 of the top 25 places among 204 steers of all breeds from 34 different ranches. The animals were measured on weight/day of age, average daily gain, retail value/day of age, feed conversion, rib eye area, yield grade, and quality grade. Every first place steer since 1990 has been Simmental or Simmental influenced.
