MECHANICALLY DRIED ALFALFA HAY CUBES

We grow our own alfalfa under irrigation in the fertile soil of Maryland's Eastern Shore, where it's harvested almost immediately after cutting. While nutrient levels are still high and the leaves are still supple and green. The crop is then dried mechanically, and cubed. Delivered to Lancaster & Chester Counties for \$130.00 Ton.

If your cows could talk, they'd tell you...

Four Ways We Deliver More...

#1 More By-pass, More Milk – Toasted Beans offer consistently higher by-pass protein cows need to make more milk

#2 More Production per Protein Unit – Toasting provides consistently superior protein release from every bean, without variations that can tie up amino acids

#3 More Rumen-Friendly Source – Toasting is gentle. Digestibility is improved. Energy (oil) is retained inside the bean to minimize impact on rumen environment

#4 More of the Taste Cows Love – Toasted is 'Tastier!' Cows eat every bean

Then call the protein and energy specialists at 717-355-BEAN...

For Premium Toasting and FREE Grain Bank Storage

Capitalize on our size, state-of-the-art processing facilities and efficient grain delivery system

GOOD QUALITY CORN SILAGE

From 2000 crop available now. Kernel processed & treated w/preservatives. Can deliver in your silo with blower & unloading truck or dump in your trench.

KEYSTONE MILLS

CUSTOM MIX PROGRAM
GIVES YOU OPTIONS IN FEEDING
Your Dairy Herd

Call us today for a feeding program built to fit your Dairy Herd and your Production Goals.

For maximum performance and income over feed cost, rations should be balanced to provide the optimum levels of degradable and undegradable protein, nonstructural and structural (fiber) carbohydrate as well as minerals and vitamins. This allows for maximum utilization of the rumen microbes and total ration efficiency. Because your needs may be different from your neighbor's, we adjust the following nutrients and ingredients to fit your needs and goals

• Amino Acids	• Calcium	• Multi-Protein Sources
• Protein	• Phosphorus	• Added Animal Fat
• By-Pass Protein	• Salt	• Rumen Inert Fats
• Energy	• Vitamins & Trace Minerals	• Buffers
• Fiber	• Organic Trace Minerals	• Yeast
		• Zinpro
