Customize Your Bales

Without Tying Extra

Variable Chamber Balers Let You Make The Call.

If you demand a smaller hay package and a baler that's easy to operate, the New Idea® 4643 (4'x3') and 4644 (4'x4') are for you. Thanks to the variable bale size, you can customize bales to fit your operation. And each model creates bales that range from 30 to over 50 inches in diameter.

With so much diversity, you'll only bale the size you need. Their low-profile, full-width pick-up glides easily over fields, catching every stem. The pickup height can be easily adjusted.

For more details on the versatile 4643 and 4644 round balers, visit your AGCO® New Idea dealer today.
