

SATISFIED!

October 21, 2000
Thanks and congratulations to J.A. Horst & Sons
of Clear Spring, Maryland!

Brent & Keith with father John Horst

The Horsts recently purchased a 20 x 77 Harvestore® structure, equipped with a new ForceFlo® unloader, for high moisture corn.

Structure ordered on a Thursday, built and ready to be filled on Saturday--nine days later!

Let us build one for YOU!

Last fall J.A. Horst & Sons had a 20 x 80 Harvestore® structure for high moisture corn erected by Penn Jersey, with excellent results. Over winter they visited other Harvestore owners and were impressed with the quality haylage from those structures compared to their trenched hay crop silage.

Brent and John Horst with their newly-erected 25 x 80 Harvestore haylage structure with new Alliance® unloader.
