

## Rolabar® rakes better by far –

Don't settle for second best when it comes to rakes. Choose the original – a dependable New Holland Rolabar® rake. The rake more farmers buy over all other brands combined. Why? Because its rugged construction makes it one hard-working, hay-grabbing machine. See the original Rolabar rake today.

## Fluffed up... never roughed up

If a storm hits while you're making hay, you'll need the New Holland Model 166 windrow inverter. It helps to dry hay fast, so you can bale or chop sooner. The 166 gently lifts, fluffs and turns windrows without roughing up the hay. So, you move your windrows onto dry ground for faster drying and retain valuable leaves.

NEW HOLLAND

For hay that's fluffed up, not roughed up, check out the 166 today.

## Why wait for the sun

Speed up drying time with a New Holland tedder. It lifts downed crop up so air flows through it. Choose from three tedders – 8'6" Model 157, 16'5" Model 163, or 22'8" Model 169.

NEW HOLLAND

Stop in. We'd like to show you how our tedders can help you put up quality hay.
