**Building on a good thing**

You might recognize the engines, drivelines and axles on the new New Holland TS tractors. They have excellent reputations based on past performance. Thousands of customers have put these components to hard use and benefited from their performance and durability.

So, New Holland wasn't about to change a good thing. They made other improvements to these 70- to 90-PTO-hp tractors instead – like increasing the horsepower, improving the comfort of the cab, relocating the fuel tank for added convenience, adding a top road speed of 25 mph, upgrading the electrical system and adding outlets and modernizing the styling.

Better see these exciting 70- to 90-PTO-hp TS tractors for yourself. And find out how good design can become even better.
