

NEW HOLLAND

# SQUARE, ROUND, WRAP

Designed and Built to Meet Your Needs & Quality

## High capacity—High quality

The 565 New Holland square baler is designed and built to meet your capacity and quality requirements season after season.

- Wide Super-Sweep™ pickup gets all the hay
- Big feed opening... swallows big windrows
- Strong feeding system... Flow Action® feeder for long life
- Strong materials... in bale case and plunger
- Gear-driven twine system

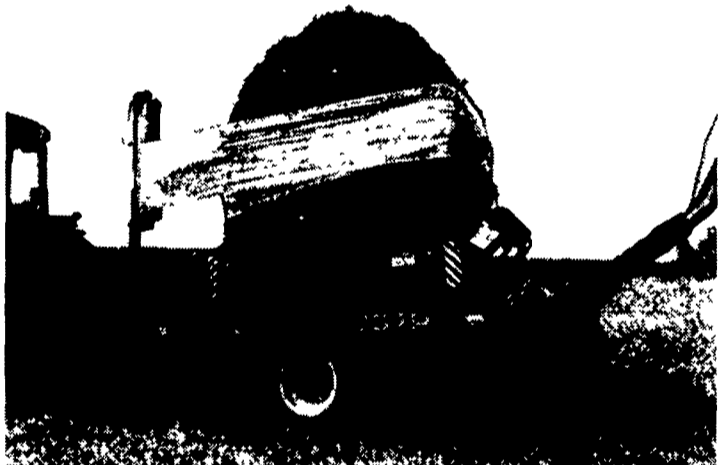

The New Holland 565 consistently gives you tight, 14 x 8-inch bales. But don't take our word for it. Stop in today for a demonstration.

## Small baler. Big features.

Our Model 638 Roll-Belt™ round baler is the smallest in the line, but it has the same features and functions as New Holland's larger balers. You can count on dense, uniform 4-ft.-by-4-ft. bales every time.

- Roll-Belt design makes uniform bales weighing up to 750 lbs.
- Requires a minimum 40-PTO-hp tractor

See the Model 638 today!

## Put quality silage under wraps

New Holland round bale wrappers are the low-cost alternative to traditional silage storage—they seal your silage bales in "mini silos." You can harvest silage during peak feed quality, store it with greater flexibility, and feed it more efficiently with less waste.

Two models offer a side-mounted lifting arm, three-belt turntable, two large side-support rollers, and cable controls. The B37P is available with computer controls.

Stop by for a demonstration today!
