**Metal Roofs Aren't Created Equal**

**EVERLAST II IS BETTER:**

- it is galvanized heavier, like old times.
- it is heat formed, less paint cracks.
- is cut while hot, prevents early edge rust.
- won't scratch as easy, paint is harder.
- won't bend or buckle as easy, stronger design.
- laps are tighter, and virtually invisible.
- nail/screws seal better, ribs fit tighter to head.
- zinc phosphate, not chromate under paint.
- still priced about the same or less.

**EVERLAST II**  
is excellent for for houses and barns.  
**DOUBLE DIPPED GALVANIZED**  
is proven best for animals.  
**STANDING SEAM**  
is ideal for houses.
