**Waterbeds for Cows**

The ALANTA Waterbed for cows is a revolutionary product, comfortable, safe and hygienic. It clearly improves your cows' well-being and therefore promotes higher milk production. It is the ultimate stall floor covering for the modern, animal-friendly dairy farm.

**WELL MADE**  
The ALANTA Waterbed is made of two rubber layers with a water-filled compartment in between. GD-Enerka gives a 10-year guarantee.

**COMFORTABLE**  
The waterbed molds itself to the cow's shape. It's cool in summer and pleasantly warm in winter.

**SAFE**  
Thanks to the non-slip rubber upper surface, the cow is gripped firmly and cannot slip off. In this way the ALANTA waterbed keeps damage to hooves to a minimum.

**ALANTA**

Here's What Some of Your Neighbors Say About Alanta Waterbeds:

**David Bittler, Fleetwood, PA**  
"We are very pleased with the decision to go with the waterbeds. First calf heifers have adapted exceptionally well and are often lying down within two hours of being put in the stall."

**Ichius Farm, Lititz, PA**  
"I'm pleased with how the waterbeds retain their comfort over time."
