

***“With 26 years of experience,
they should know how to build them!”***

*Lawrence Cauffman and Sons
Blain, Perry Co., PA*

New 62 x 19 Slurrystore® System

Lawrence Cauffman with sons Brian (left) and Dennis (right).

The Cauffmans say they always wanted above-ground manure storage with a side-mount pump and center agitation system. With above-ground storage it's obvious if a problem develops, they say. Safety and appearance were also a concern when they were planning their manure storage. Penn Jersey's 26 years of experience was a bonus!

The results you may achieve with your Harvestore® System depend primarily upon your management skills and may vary from successful results achieved by others. Any application in a particular farming operation requires the advice of qualified experts and is subject to limitations of good management, weather or other conditions present at the individual location. Harvestore is a registered trademark of Engineered Storage Products Co.
