We know how to help you grow.

We recognize that agriculture and farming play an important role in the economy and the lives of the communities we serve. That's why our agricultural loan people are a select team of bankers who are farm wise. Our bankers work farms themselves, participate in 4-H clubs and FFA chapters, judge shows, and more. They know first hand what it takes to support your financial needs. They speak your language. And they'll listen to what you have to say. You can benefit from a wide array of services and solutions designed to meet your special needs. We're the bankers you can talk to - the bankers you should talk to.

HYDRUS MICRO PIVOT

For the first time ever, the Hydrus Micro Pivot irrigation system is making an appearance at Ag Progress Days. Visit Mid-Atlantic AgriSystem's location on East 5th Street to get a look at the Micro-Pivot. This irrigation system is perfect for separated liquid, hog manure or any situation where a small, efficient, irrigation system is needed. All units are lightweight, easily towed from field to field, and operate at peak performance in fields that range from five acres to seventy acres. We'll be happy to fill you in on more details regarding the Micro Pivot - just swing by and see us.

Also on display at Ag Progress Days:
