**Our vacs have a capacity for hard work.**

Optional hoses are available for easy cleanup

Our field vacuums combine impressive power, large capacities, ease of use and long-term reliability

The Brouwer BV85 Vac, the largest capacity vacuum unit of its kind, is ideal for fast, economical cleanup of large turf and hard surface areas. It's easy to maneuver the BV85, bringing its wide pickup head (up to 120 inches) and powerful suction fan to bear on any kind of debris. Unloading is easy, thanks to its hydraulically driven conveyor

The mid-size Brouwer BV138 Vac is designed for hard-to-reach areas that require a compact, maneuverable machine. The BV138 features heavy-duty impeller fans, creating a mulching effect on debris before it enters the hopper to significantly increase capacity. And, the BV138's hydraulic lift makes unloading simple.

Two great vacs. One great name. For the best in field vacuums, visit your Brouwer dealer today.

**BROUWER TEXTRON**  
Nobody cuts it like Brouwer

**Also Available**

- Sod Harvesters
- Turf Rollers
