

Profitability runs wild. Driven by innovation.

With Asgrow[®] soybeans, profitability runs wild.

Asgrow varieties return more and yield higher because they're driven by progress. Asgrow was first to offer the Roundup Ready[®] trait in soybeans, first to combine that technology with SCN resistance and first to bring you Residue Proven[™] varieties.

Today, you'll see Asgrow innovation in action with higher germination rates. Superior seed purity. And yields that have growers choosing Asgrow Roundup Ready soybeans more than any other brand.

There's profit in your fields. Unleash it with Asgrow Roundup Ready soybeans.
