

Thanks and congratulations to Jeff VanderGroef and Rob Lange on the construction of a new *forest green* 62 x 19 Slurrystore® System for VanderGroef Dairy, Sussex, NJ.

Jeff says there were three main reasons for his choice of a Slurrystore System from Penn Jersey:

Jeff VanderGroef, left, with landowner Rob Lange

Space restrictions requiring storage that could be built high instead of wide.

The Slurrystore's expandability.

The ability to sell and dismantle the structure if the farm were converted from dairy.

In addition, landowner Rob Lange liked the way the green color blended in with surrounding trees!
