### What's against soft paint?

In metal roofing and siding some manufacturers use soft pliable paint to prevent cracks. The disadvantage with softer paint is that it scratches so easy. Handling during erection, flying debris during storms, children playing against it, etc. can easily scratch softer paint. Scratches on softer paints tend to rust prematurely. Everlast heat forms to prevent this. Ask our competition if they heat form. It's important.

Everlast Roofing, Inc, 239 N. 5th Ave., Lebanon, PA 17046, Call toll free 1-888-339-0059 for info. & nearest dealer. (Mid-Atlantic, New England, Midwest)

### COW STABLE REPAIRS

We install custom loops to replace broken off stalls. Also front dividers

For more cow comfort we can raise the tie rail up and forward. New Stalls available on old curb. Call for more options.
