 PA farmers have great hay crops with South Dakota alfalfa seed Panterland Farms, Westfield, PA, John Panter said "The Trask's seed grew extremely well. We recommend it to anyone. It is real leafy and yielded as well as any of the high priced name brand seeds. It cost 40% as much. We planted 294 acres. We intend to plant more this spring. It was exceptionally winter hardy and resisted frost damage. We are very pleased. Join the numerous farmers in the PA/NY area harvesting superb alfalfa from South Dakota seed

**Call us today for a feeding program built to fit your Dairy Herd and your Production Goals.**

For maximum performance and income over feed cost, rations should be balanced to provide the optimum levels of degradable and undegradable protein, nonstructural and structural (fiber) carbohydrate as well as minerals and vitamins. This allows for maximum utilization of the rumen microbes and total ration efficiency. Because your needs may be different from your neighbor's, we adjust the following nutrients and ingredients to fit your needs and goals.

- Amino Acids
- Protein
- By-Pass Protein
- Energy
- Fiber
- Calcium
- Phosphorus
