

Carving Auction To Benefit Scholarship Fund

STATE COLLEGE (Centre Co.) — A unique cattle carving will be auctioned off on April 20 at the Penn State Dairy Expo in conjunction with the Penn State Ag Alumni weekend.

The carving is crafted by retired Dairy and Animal Science professor Don Ace, and will benefit the Lawrence and Delores Muller Scholarship Fund at Penn State.

The Muller's established the fund in 1999 to benefit students

in Dairy and Animal Science at Penn State. Even though it is a new scholarship, it has already given thousands of dollars in scholarship monies to help deserving students attend Penn State.

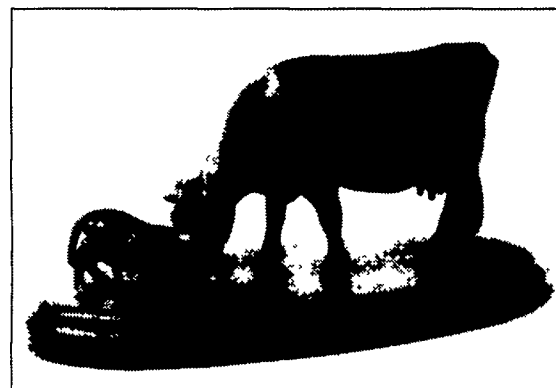

The auction of the carving recognizes the contribution that Dr. Larry Muller has made to the Dairy Science department and the Penn State Dairy Science Club. Under Dr. Muller's guidance, the club has perennially

ing from the countryside much as the American Chestnut did a century ago. The cow is nine inches long and five inches high muzzling a newborn calf trying to stand up for the first time. Both animals are mounted on an oval base 12 inches by 5½ inches. This beautifully grained wood has a clear matte finish that shows off its natural beauty."

Anyone interested in bidding on the carving can attend the Penn State Dairy Expo at the Penn State Ag Arena on April 20. The day begins at 8:30 a.m. and features students working with project animals, highlights of accomplishments by the Block and Bridle Club and Dairy Science Club at Penn State, and recognition of distinguished alumni. The event is free and open to all.

been ranked the number one club in the nation by the American Dairy Science Association.

Don Ace wrote, "The carvings and base are done in Butternut, a wood that is fast vanish-

The auction of the carving recognizes the contribution that Dr. Larry Muller has made to the Dairy Science department and the Penn State Dairy Science Club.

A Dry Cow Booster That Costs 7¢ a Day
Hoffmans Horse and Cattle Powder is an ideal tonic for cows over freshening. Feed 6 wks. before freshening. 1 Tablespoon a day. (Two weeks over freshening, feed 1 Tablespoon in the morning & 1 Tablespoon in evening)
 Cows will clean better after freshening Cows have a lower somatic cell count and will have less mastitis problems. Great for reproduction tract and cows will cycle better after freshening Will help rumen function over freshening Less feet problems and less stress
 This is an over-all good booster if fed to dry cows, and it will pay you big dividends

J-STAR YOUR ALL-IN-ONE FARMSTEAD EQUIPMENT SOURCE

Silo Unloader Technology Takes a Giant Leap Forward!

BIG JIM. Quantum SYSTEM

TOWER SILOS REALLY MEASURE UP!

Measure for measure, nothing beats a tower silo for storing forage. Just compare them to bunkers which have up to 45% storage loss, lower capacity, increased labor and lots of inconvenience

Towers lose just 3% to 7% because of gravity, feed weight and a good unloader like the Big Jim QUANTUM System. QUANTUM can be installed in any type of 20' to 30' forage silo . conventional or oxygen limited and will make your tower silo even better!

VOLUMAXX

GIVES YOU A CHOICE OF DISTRIBUTION

HI-LIFT LEGS

The new advance design distributor. Or, choose the Volumaxx unloader gives you the best of both worlds... your choice of distribution. New HI-LIFT legs let you raise the unloader an extra 15" into the silo roof, so you can use a conventional side distributor. Or, choose the Jamesway Powermaxx™ broad pan silage distributor. With proper distribution, you'll have better quality feed, and you'll increase your silo's capacity up to 35%. And we can prove it!
