**Zip House** 21st Century Tunnel Technology

ZIPHOUSE combines reasonable frost and freeze protection with the capability to open with the pull of a string for ventilation. This easy opening feature allows quick and timely temperature control to prevent crops from over heating. *There is no other product on the market that can produce both of these benefits.*

- Allows growers to plant 2-6 weeks early.
- Easy for the grower to install and remove.
- Provide freeze protection for commercially grown crops down to 26° F.
- Be able to open and close easily and quickly with minimal labor cost.
- Have the ability to withstand strong, gusty winds.
- Be as affordable and cost effective for the grower as possible.
- Reusable for 2-3 seasons.
