## The Regal Series...Offering Advantages

We Cover Building Systems is a specialty company providing a superior building solution. As we all know, the choice of a building style is not easily made. We know that we want something that fits our needs and satisfies our quest for lasting quality. The Regal Series Buildings come loaded with advantages you will need and appreciate on your property.

**Engineered Steel Arches** are a specialty of the Regal Series. They are custom engineered to meet your specifications and designed to be economical.

**Hot-Dipped Galvanizing** all of our trusses are dipped inside and out to ensure top quality weld protection from corrosion.

**Sectional Roof Covering** each truss section has its own fabric strip. Since an individual section can be replaced, repairs become economical. UV inhibitors in the fabric bring years of protection to your structure.
