

## New Dairy Products, Marketing Methods At Maryland Dairy's Annual Meeting

**NEW MIDWAY, Md.** — Dairy processors, retailers, and marketing experts will outline 21st Century techniques at the Maryland Dairy Industry Association's (MDIA) 2002 annual meeting.

The program on Tuesday, Nov. 26, will discuss innovations designed to assure economic viability of Maryland's \$1 billion dairy industry in the opening years of the 21st Century, according to MDIA president Myron L. Wilhide of Detour (Carroll County), Maryland.

More than 150 dairy producers and industry representatives are expected to participate in the MDIA 2002 Annual Meeting at the New Midway Volunteer Fire Company, 12045 Woodsboro Pike (Md. Route 194), in this Frederick County community.

Resource panels include officials from Mid-Atlantic Dairy Association, Dairy Maid Dairy, Giant Food, Inc., Marva Maid, Inc., South Mountain Creamery, National Milk Producers Federation, and Moxley's Ice Cream. In addition to showcasing new milk and dairy products, the team will outline how innovative products and procedures, such as cheese-in-a-bag, dairy popcorn, and

single-serve milk, are transforming the nation's dairy industry. A special presentation by Maryland's Department of Health and Mental Hygiene will introduce a program using dairy products to combat human osteoporosis.

A minimal registration fee will include a served country-style lunch, program breaks, and complete proceedings. Members are encouraged to bring family or farmstead workers to the industry program. Non-members are welcome. Food service, school lunch, and other nutrition professionals are being invited to experience the new dairy product

presentations.

MDIA has designed a new meeting format that promises to be more appealing to the state's 750 dairy producers, officially convening at 10 a.m. and concluding at 3 p.m. An association business meeting is planned for the noon hour. Exhibits will be open at 9 a.m. with continental breakfast served to early attendees.

The 2002 MDIA Annual Meeting will feature about two dozen exhibits on latest dairy technology and services, as well as University of Maryland dairy extension reports, and election of directors and officers.
