GEHL

YOUR LIVESTOCK IMPLEMENT LINE

The Legacy Continues.

Gehl Forage Harvesters have been the leader in field performance, product innovation and customer value for more than 50 years. This legacy is continued with three models that are designed to meet the demands of every forage harvesting application. And with the addition of 11 configurations of forage boxes, Gehl is one of the most comprehensive suppliers of hay and forage equipment.

These heavy-duty forage boxes are constructed with corrosion-resistant aluminumized steel to provide years of rugged use

Models include front-unload, rear-unload, combination front/rear unload models, and rear-unload "Forage Max" series with a truck-mounted version

BETTER CUT!
BETTER CONDITIONING!
HIGHER FLUFFIER WINDROWS!

Model 2345
9'2" Cut
Model 2365
10'3" Cut

With the Simplicity You Want!

GEHL DELIVERS HIGH SPEED PERFORMANCE AND MORE RELIABILITY, TOO!

Gehl disc mower conditioners feature a simple drive system with fewer moving parts to power both the cutterbar and conditioning rolls from a single gearcase. New cutterbar design delivers consistent performance in the toughest crops and conditions. Full-width skid shoes and the patented Protectadrive™ system protect cutterbar gears. Disc drive assemblies are individually removable for quick servicing.

Wider rolls provide more consistent conditioning while Gehl's unique forming chamber delivers fast-drying higher-standing, fluffier windrows or full-width swaths.
