Last year to date	25.08"
Normal year to date	39.89"

Farming Forecast

Another upper-level trough will move through the Great Lakes and into the Midwest this weekend, bringing a shot of colder air. Initially, temperatures may be too warm aloft for any snow, but there certainly can be a shower or two. By the time colder air arrives Sunday, it should be drying out. Temperatures will remain chillier than normal as the beginning of the next week approaches.
