

# Responsible Stewardship

Alfred & Jeff Dunklee  
Vern-mont Farm  
Vernon, Vermont

Alfred Dunklee and son Jeff with their newly constructed 112' x 14' Slurrystore®

“As the area in which we farm becomes increasingly more developed and less rural, we’ve become more cognizant of our responsibilities as stewards of the land to preserve and protect our environment. We felt investing in a Slurrystore was a pro-active step towards meeting the future challenges of environmental protection.”

Alfred & Jeff Dunklee

Slurrystore equipped with 4,300-gal. per minute  
ESPC Side-mount Pump and Center Agitation

The results you may achieve with your Harvestore® System depend primarily upon your management skills and may vary from successful results achieved by others. Any application in a particular farming operation requires the advice of qualified experts and is subject to limitations of good management, weather or other conditions present at the individual location. Harvestore is a registered trademark of Engineered Storage Products Co.
