100% Pure Unprocessed Corn Oil

The Economical Coat Enhancer, With selenium and vitamin E added

Now better than ever!!!

A product of Log Cabin Farm Catalog Plus

Comes in 1 gallon and 35 lb. containers. Feed at least 1 oz. per 500 lb. of weight per day.

Feed this product to
 Improve the health of the newborn foal (extra strength and vitality at time of birth, improved resistance to infectious disease)
 Improve overall temperament and energy levels
 Put an outstanding shine on the hair coat
 Help develop strong bones and muscles in young horses
 Reduce the possibility of Azoturia (Monday morning sickness or tying up)
 Help horses shed winter coats early and be good and ready for Spring work

Many care providers are tempted to overfeed proteins and minerals. The feeding program that provides a 10-12% protein from grain and a good green hay that is free of dust or mold is adequate in most cases. Most operations will benefit greatly from using this product as an addition to an already good feeding program. *It will provide the extra bloom that makes horsekeeping so rewarding.*
