How do you shatter the world plowing record set by a 425 hp track tractor? You don't have to get bigger. You don't have to get tracks. You just have to get better. That's what happened when the Massey Ferguson 8280 fixed frame wheeled tractor set a new world record. The MF 8280 fine tuned to deliver 387 hp, outdid the predecessor by nearly 100 acres, plowing 621 acres in 24 hours.

What makes the MF 8280 better? Take a world class engine, a transmission that won't quit and add a powerful hydraulic system. Throw in a high tech control system that automatically monitors and adjusts the flow of power to the wheels for less slip and you've got better - more than 24 acres an hour better.

So don't just get a bigger tractor next time you have a big job to do. Get a better tractor. Get a Massey Ferguson 8280 and shatter some records yourself.
