The Legacy Continues.

Gehl Forage Harvesters have been the leader in field performance, product innovation and customer value for more than 50 years. This legacy is continued with three models that are designed to meet the demands of every forage harvesting application. And with the addition of 11 configurations of forage boxes, Gehl is one of the most comprehensive suppliers of hay and forage equipment.

These heavy-duty forage boxes are constructed with corrosion-resistant aluminized steel to provide years of rugged use.

Models include: front-unload, rear-unload, combination front/rear unload models, and rear-unload "Forage Max" series with a truck-mounted version.

"Vortex™" Blowers

If you need a high-capacity forage blower to fill your tallest silos, Gehl Vortex blowers will help get your silo-filling done in short order.

- Three models - Your choice of 540 or 1,000 rpm operation.
- Twin spinners - Rifle material into the blower fan at nearly 35 mph.
- Twin-sided fan disc - Paddles on both sides shoot the crop up the pipe in nearly continuous flow.
- Split rim sheets - Feature a replaceable inner liner for longer life and lower maintenance costs.
- Many convenience features - Swing-away blower outlet, air vents, adjustable left tire, right tire guard, wide hopper, removable tunnel covers and duals water inlets.
