82" Inside Fender Width Deck Overs

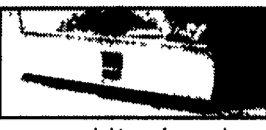

**Ultra Series**  
Heavy Duty Snow Blower Plow

**WOLF**

Trip Cutting Edge Design  
The SnowWolf Ultra features a trip cutting edge design which allows full down pressure for incredible scraping ability in forward or backdragging situations. It eliminates "false tripping" from snow load and will only engage if you actually strike an immovable object.

Massive Construction  
The SnowWolf Ultra is designed to take abuse from the largest skid loaders. At approximately 100 pounds per foot of plowing width, you know the Ultra means business.

Food for Thought  
Did you know that a modern skid loader with a high speed transmission and a SnowWolf Ultra will outplow a pickup truck under most plowing conditions? A cleaner job, closer to the obstacles (without worrying about your fenders), and more acres plowed in the same amount of time!

**BINKLEY & HURST BROS. INC.**
