Report Supplied By USDA  
Trade sentiment was fully steady to  
firm in the West, no better than steady to  
barely steady in the Northeast, steady in  
remaining areas. Retail demand ranged  
slow to good, best where features were in  
progress and in anticipation of first-of-  
the-month needs. Food service was light  
to fairly good, best into fast food areas  
with ads. Supplies were usually sufficient  
for trade needs. In the parts structure,  
breast items were in good balance to tight  
and continued to trade at premium levels.  
Wings were increasing in availability and  
dark meat was mixed, however clearing  
well. In production areas, live supplies  
were moderate at weights in a full range.
