GEHL

YOUR LIVESTOCK IMPLEMENT LINE

The Legacy Continues.

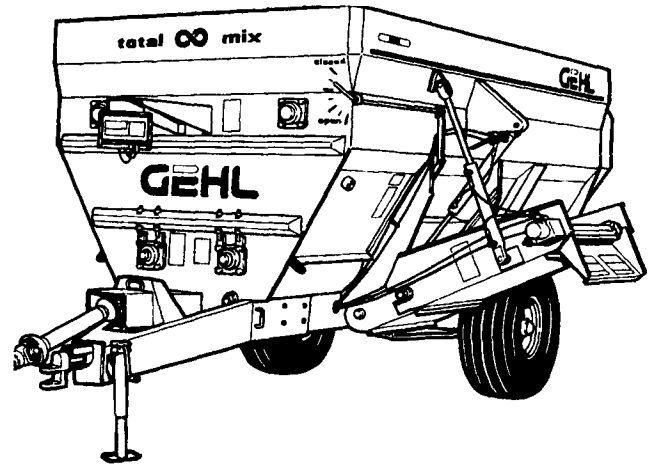

Gehl Forage Harvesters have been the leader in field performance, product innovation and customer value for more than 50 years. This legacy is continued with three models that are designed to meet the demands of every forage harvesting application. And with the addition of 11 configurations of forage boxes, Gehl is one of the most comprehensive suppliers of hay and forage equipment.

These heavy-duty forage boxes are constructed with corrosion-resistant aluminized steel to provide years of rugged use.

Models include: front-unload, rear-unload, combination front/rear unload models, and rear-unload "Forage Max" series with a truck-mounted version.

TMR "Total Mix" Mixer Feeders

"Total Mix" TMR mixer feeders let you mix more long-stemmed hay into your ration - up to 30% by weight depending on hay type and moisture content.

- "Hay-slicer auger" - Incorporates knife assemblies into the two bottom augers
- Better mixing action - Four-auger design creates a double figure - 8 mixing pattern for fast and complete mixing of all feed ingredients.
- Energy efficient - Planetary drive system requires less horse power.
- Built to last - Patented star couplers absorb shock loads by allowing the bottom augers to flex, providing long service life.
- Five sizes - 150 to 455 cubic feet capacities.

Cash Rebates up to \$3,000
