Farming Forecast

An arctic cold front will bring flurries, even a period of snow to the area Sunday into Monday. Behind the front, a shot of very cold air will push southward over the region. Highs will struggle through the 20s and nighttime lows may sink into the single digits during the middle of the week. Temperatures will rise late in the week ahead of the next system over the weekend.

Dandie says...

IT'S ABOUT TIME TO FROST SEED CLOVER

Alice White Clover

Adding Clover Makes Super Pasture!

Frost seed now with **Alice White Clover** from **BARENBRUG**

- Large Palatable Leaves
- Very Good Stolon Density
- High Grazing Persistence
- Excellent Nitrogen Fixing

Red clover can be mixed with Alice for faster establishment and better dry weather productivity.

CYCLONE

Our most popular red clover. A highly productive all purpose red clover. We get lots of positive comments on Cyclone. We recommend frost seeding 4 lbs. of Cyclone with 2 lbs. of Alice.

START

A grazing type red clover from Barenbrug. Excellent regrowth capability.

FREEDOM!

A new red clover that dries easier than most varieties. Freedom has thin stems and less hairs than most red clovers. From Barenbrug.

King's AgriSeeds LLC

Helping the family farm prosper by specializing in high quality forages and grazing since 1993.
