### Gehl high-capacity blowers will help get your silo-filling done in short order. "Vortex™" Blowers

- New Model 1540 (540 PTO)
- Twin spinners Rifle material at nearly 35 mph
- Twin-sided fan disc Paddles on both sides
- Split rim sheets Feature a replaceable inner liner
- Many convenience features

Gehl builds it better

**GEHL.**

Also Model FB 1580 High Capacity 1000 RPM PTO

### Trip Cutting Edge Design

The SnowWolf Ultra features a trip cutting edge design which allows full down pressure for incredible scraping ability in forward or backdrugging situations. It eliminates "false tripping" from snow load and will only engage if you actually strike an immovable object

### Massive Construction

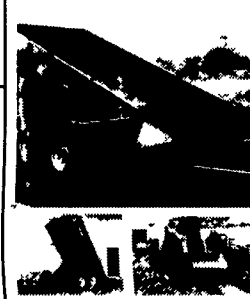

The SnowWolf Ultra is designed to take abuse from the largest skid loaders. At approximately 100 pounds per foot of plowing width, you know the Ultra means business

### Food for Thought

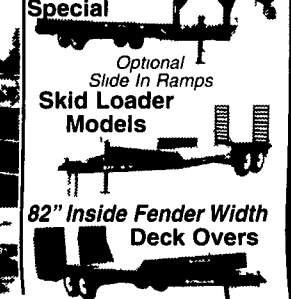

Did you know that a modern skid loader with a high speed transmission and a SnowWolf Ultra will outplow a pickup truck under most plowing conditions? A cleaner job, closer to the obstacles (without worrying about your fenders), and more acres plowed in the same amount of time!
