Fill... The ridge between the tine tips and the container unit prevents collected stones from falling out while new ones are being collected

**Ultra Series**

**Trip Cutting Edge Design** The SnowWolf Ultra features a trip cutting edge design which allows full down pressure for incredible scraping ability in forward or backdragging situations. It eliminates false tripping from snow load and will only engage if you actually strike an immovable object

**Massive Construction**  
The SnowWolf Ultra is designed to take abuse from the largest skid loaders. At approximately 100 pounds per foot of plowing width you know the Ultra means business

**Food for Thought**  
Did you know that a modern skid loader with a high speed transmission and a SnowWolf Ultra will outplow a pickup truck under most plowing conditions? A cleaner job closer to the obstacles (without worrying about your fenders) and more acres plowed in the same amount of time!
