**One serious
spreader**

When your spreader is hauling a lot of weight, you shouldn't have to worry about poor construction. New Holland puts a lot of steel in the right places... then guarantees their spreaders in writing for 12 years. Free sides or floors if they fail.

The sides are made of smooth, corrosion-resistant steel. The nearly indestructible floor boards are made of high-tech plastic recycled from water and milk jugs.

Smooth on the inside for easy clean-out, New Holland spreader boxes have extra steel frame members for hauling really heavy loads.

Take a serious look at New Holland 155 Spreader today!
