

# Wilmer Shertzer Dairy

## Columbia, Lancaster Co., PA

When Wilmer, pictured at far right, purchased his first Harvestore® structure, a 20x60 in 1969, he made sure it was expandable. This past March, Penn Jersey added 20 ft. to that structure, in time for this spring's rye crop. Wilmer always appreciated the versatility of his Harvestore System. Standing to Wilmer's right are sons Mark and Sam and Jason Herman, who works with the Shertzers.

The results you may achieve with your Harvestore® System depend primarily upon your management skills and may vary from successful results achieved by others. Any application in a particular farming operation requires the advice of qualified experts and is subject to limitations of good management, weather or other conditions present at the individual location.
