

**Y ask**  
*OU*

(Continued from Page B9)

looking for a size 6 cast iron skillet, used, in good condition that they are will-

ing to sell.

**ANSWER** — To the reader who wanted to know where to purchase dress shirts with snaps, a devoted reader from Wellsville recommends Adelblute, Inc., Abbottstown. Phone (717) 259-9467.

**ANSWER** — Thanks to R. King and others for sending the answer for the request Henry King made for the following poem. An anonymous reader wrote that the recording is on a cassette by Loretta Lynn and Patsy Cline by MCA Productions. **Through The Eyes Of A Child**

*If I could see the world through the eyes of a child what a wonderful world this would be. There would be no trouble and no strife, just a big happy life with a blue bird in every tree. I could see right from wrong. I could see no bad. I could see all the good things in life I've never had. If I could see the world*

*through the eyes of a child what a wonderful world it would be. If I could see the world through the eyes of a child, smiling faces would greet me all the while. Like a lovely work of art, it would warm my weary heart just to see through the eyes of a child.*

# Rolabar® rakes better by far -

Don't settle for second best when it comes to rakes. Choose the original — a dependable New Holland Rolabar® rake. The rake more farmers buy over all other brands combined. Why? Because its rugged construction makes it one hard-working, hay-grabbing machine.

See the original Rolabar rake today.

NEW HOLLAND

# Fluffed up... never roughed up

If a storm hits while you're making hay, you'll need the New Holland Model 166 windrow inverter. It helps to dry hay fast, so you can bale or chop sooner. The 166 gently lifts, fluffs and turns windrows without roughing up the hay. So, you move your windrows onto dry ground for faster drying and retain valuable leaves.

For hay that's fluffed up not roughed up, check out the 166 today.

NEW HOLLAND

# Why wait for the sun

Speed up drying time with a New Holland tedder. It lifts downed crop up so air flows through it. Choose from three tedders — 8'6" Model 157, 16'5" Model 163, or 22'8" Model 169.

Stop in. We'd like to show you how our tedders can help you put up quality hay.
